If for some reason you cannot serve, please notify Mario Piccolo (215.536.7307).

Note: The homes prefer services of half-hour in length.

There are songbooks available for use at these services. They are located in Room 201 (the room behind the sanctuary) on the cabinet inside the door leading from the sanctuary. Please return promptly as they are used each week.

There are many who are willing to play piano or provide special music. Please contact Mario for this information.

Remember: In some instances the home residents are slow to comprehend and hearing impaired. For this reason it is imperative that each person of the group speaks loudly, clearly and slowly so that the gospel message can be more easily comprehended.

To have CHILDREN in the group is highly appreciated by the residents. It makes them relax and think of their own grandchildren.

You may wish to add other folks to your group especially those who can add to the group singing.

***Thank you to all for your willingness to serve God and our senior citizens through this ministry. Welcome to our new volunteers!***
